AACHEN DRESDEN INTERNATIONAL TEXTILE CONFERENCE

Aachen, November 28-29, 2013

Adding function and value

addressing experts from

- **Textile Technology - Chemistry and Engineering,**
- **Medical technology,**
- **Membrane technology,**
- **Fibre composites**

Organisers:

DWI of the RWTH Aachen e.V.

and

Institut of Textilmachines and Technique of High-Performance Materials of the TU Dresden, ITM in cooperation with further 9 Universities and Research Centres.

The programme Committee is represented by 30 Outstanding Researchers and Managers of Germany Universities and Industry.

Plenary talks and special symposia on

- **Textiles for health care**
- **Electronic functionalities in textiles**
- **Sustainability and productivity**
- **New textile machinery concepts**
- **Comfort and luxury**
