

Textile Engineering Laboratory (LGTex), Monastir University - Tunisia

organizes in collaboration with

Tunisian Association of Textile Researchers (ATCTex), Tunisia

Textile Materials and processes Research Unit (UR MPTex), Monastir University - Tunisia

The National Research & Development Institute for Textiles and Leather (INCDTP), Bucharest-Romania

& High School of Textile and Clothing Industries (ESITH), Casablanca - Morocco

8 THE EIGHTH INTERNATIONAL CONFERENCE OF APPLIED RESEARCH ON TEXTILE 2018
CIRAT

9-10 Nov
MONASTIR-TUNISIA

THE 8th INTERNATIONAL CONFERENCE OF APPLIED RESEARCH ON TEXTILE

KEYNOTE SPEAKERS

- ◆ **Prof. Emilia Visileanu (Romania)**
The National Research and Development Institute for Textiles and Leather (INCDTP) Bucharest, Romania
- ◆ **Prof. Omar Charkaoui (Marrocco)**
Higher School of Textile and Clothing Industries
ESITH-Casablanca - Morocco
- ◆ **Prof. Naceur Belgacem (France)**
Institut polytechnique of Grenoble INP - France
- ◆ **Prof. Katarzynav Grabowska (Poland)**
AUTEX Association President
Faculty of Material Technologies and Textile Design,
Poland
- ◆ **Prof. Savvas Vassiliadis (GREECE)**
Piraeus University of Applied Sciences, Department
of Electronics Engineering Aigaleo – Athens-GREECE
- ◆ **Prof. Nathalie Leblanc (France)**
Mont-Saint-Aignan, Haute-Normandie, France

CIRAT-8

cirat@atctex.org

Deadline for submitting paper

30/06/2018

Scientific committee response

15/08/2018

Deadline for submitting revised paper

30/08/2018

FEES	STUDENT	ACADEMIC	INDUSTRIAL
	320 €	420€	420€

TOPICS OF CIRAT-8

- Textile management
- Comfort and well being
- Technical & functional textiles
- Nanotechnology in textile
- Fashion and design in textile
- Medical and healthcare textiles
- Valorisation and waste management
- Textiles manufacturing: spinning, weaving, knitting, non-woven
- Smart textiles
- Digital printing
- Protective textiles
- Fibers and polymers
- Composite materials
- Sustainability in textile
- Textile dyeing and finishing
- Clothing technologies and engineering
