

1. Heimtextil Frankfurt

13 – 16 January 2010, Frankfurt am Main, Germany

International trade fair for home and contract textiles

Contact:

www.targifrankfurt.eu
www.messefrankfurt.com

2. Academy of Fine Arts and Design in Łódź - Graduates 2009. Exhibition Associated with the 13th International Triennial of Tapestry, Łódź 2010

26 January – 28 March 2010

Organiser:

Central Museum of Textiles, Łódź

Co-organiser:

The Academy of Fine Arts, Łódź

3. International Fair for Chemical Products together with International Conference EXPOCHEM 2010

23-25 February, 2010, Katowice, Poland

Contact:

www.expochem.pl
e-mail: h.maksymowicz@agpolpromocja.pl
mlyniec@ztw.pl

4. 13th All-Russian Exhibition and Fair: Russian Flax-2010

25-28 February, 2010, Vologda, Russia

Objectives: the development of linen production and processing as well as textile and light industry on the basis of flax, improvement of domestic Russian production on the Russian market, the revival of investment activities and the co-operation of enterprises producing flax complex.

Contact:

Website: <http://www.russkidom.ru/federal/russlen.html>

5. Inaugural Symposium on Enzymes & Biocatalysis - 2010

22-24 April, 2010, Shanghai, China

Program Coordinator:

Sandy Lee, 26 Gaoneng St., R405, Dalian Hightech Zone, Dalian, LN 116025, China,
Tel: 0086-411-84799609-821,
Fax: 0086-411-84799629,
e-mail: sandy@bit-ibio.com,
<http://www.bitlifesciences.com/seb2010>

6. 6th edition of the International Biennial of Art Linen Textiles. Exhibition associated with the 13th International Triennial of Tapestry, Łódź 2010

25 February – 4 April 2010

Organiser:

Central Museum of Textiles, Łódź

Co-organiser:

Museum of craftsmanship in Krosno

7. TEXTIL 2010 - 10th Polish Students Seminar

April 2010, Łódź, Poland

Organiser:

Technical University of Łódź (TUŁ)

8. 13th International Triennial of Tapestry, Łódź 2010

10 May – 31 October 2010

Organiser:

Central Museum of Textiles, Łódź

For more information see page 103.

9. 11th National Exhibition of Polish Tapestry, Łódź 2010. Exhibition associated with the 13th International Triennial of Tapestry, Łódź 2010

10 May – 24 October 2010

Organiser:

Central Museum of Textiles, Łódź

10. 9th National Exhibition of Polish Miniature Textiles, Łódź 2010. Exhibition associated with the 13th International Triennial of Tapestry, Łódź 2010

10 May – 24 October 2010

Organiser:

Central Museum of Textiles, Łódź

11. 11th Scientific Faculty Seminar – Textronics, Automatisation and Measurements in Textile Science and Industry

19 – 23 May 2010, Szklarska Poręba

Organiser:

Department of Clothing Technology and Textronics Students Scientific Circle

Chairman of organising committee:

Janusz Zięba, Ph.D., Eng.

12. 7th Conference of the European Industrial Hemp Association (EIHA)

26-27 May, 2010, Wesseling near Cologne, Germany

Organiser:

Michael Carus and Dominik Vogt, Nova-Institut GmbH, Germany

Contact:

Mr. Dominik Vogt,
e-mail: dominik.vogt@nova-institut.de,
website: www.eiha.org/conf7

Background to the Conference:

The EIHA Conference is now established as the largest meeting of experts on industrial hemp in Europe and the world.

13. 9th International Symposium EL-TEX 2010: Electrostatic and Electromagnetic Fields in New Materials and Technologies

26-27 May 2010, Łódź (Rąbień), Poland

Organisers:

Textile Research Institute, Łódź
Institute of Telecommunication,
Teleinformatics and Acoustics of the
Technical University of Wrocław
Polish Committee of Electrostatic, Warsaw

Topics

- effects of electromagnetic fields (EMF) on human health,
- eliminating or restricting hazards caused by the occurrence of static electricity,
- environmental aspects of EMF,
- production methods and application of textile shielding materials,
- electrostatic evaluation of textile fabrics,
- metrology of electrostatic and electromagnetic fields.

Scientific Committee – Chairman – Prof. Tadeusz Więckowski Ph.D., D.Sc. (PWr)

Organizing Committee – Chairman – Jolanta Mamenas M.Sc., Eng. (Director of IW)

Contact:

Katarzyna Grzywacz, tel (+48 42) 61 63 195
e-mail: grzywacz@iw.lodz.pl
Joanna Koprowska, tel (+48 42) 61 63 116
e-mail: koprowska@iw.lodz.pl

14. 9th Joint International Conference CLOTECH 2010: Innovative Materials & Technologies in Made-Up Textile Articles and Footwear

27-28 May 2010, Radom, Poland

Conference Topics

- new raw materials in clothing production,
- commodity science of footwear,
- material design for clothing,
- intelligent textiles,
- utility comfort of clothing,
- technology of half-products and made-up articles,
- computer techniques in apparel manufacturing,
- textile finishing,
- clothing for special applications,
- marketing of made-up articles

Organiser:

Kazimierz Pulaski, Technical University of Radom, Department of Design, Footwear and Clothing Technology
Technical University of Lodz, Department of Clothing Technology and Textronics

Contact:

Secretary: Izabela Stanik tel. 48 361-75-07, e-mail: i.stanik@pr.radom.pl
For more information see page 27.

15. 16th International Conference on Renewable Resources and Plant Biotechnology NAROSSA@2010

7-8 June, 2010, Magdeburg, Germany

Organiser:

Frank Pudel, Ph.D. Eng.
PPM Pilot Pflanzenöltechnologie
Magdeburg e.V.,
e-mail: pudel@ppm-magdeburg.de
website: www.ppm-magdeburg.de.

Co-organizer: Institute of Natural Fibres & Medicinal Plants, Poznan, Poland,
website: infmp.pl

Selected topics

- Fibrous plants for textile and composites
- Biomass for energy generation

16. International Conference: Managing Innovation in Textiles

10-11 June, 2010, Manchester, UK.

The conference will aim to bring together textile scientists, engineers, fibre, yarn and fabric producers, fashion designers, retailers among others

Contact:

Kim Gandhi, Ph.D.
e-mail: kim.gandhi@virgin.net and Brian McCarthy,

17. ICFMD-2010 - International Conference on Functional Materials and Devices

14-17 June, 2010, Hotel Permai Inn, Kuala Terengganu, Malaysia

Organiser:

The Centre for Ionics University of Malaya (CIUM), Kuala Lumpur.

Selected topics:

- Energy conversion materials and devices,
- Nanostructure materials and nanodevices,
- Theoretical/modelling of materials and devices,
- Piezoelectric and ferroelectric materials,
- Organic coating,
- Functional polymers,
- Functional biomaterials

Contact:

<http://umconference.um.edu.my/ICFMD2010>

18. Knit Tech 2010 – 9th International Scientific-Technical Conference: Innovative Techniques and Technologies in Knitting

17-19 June 2010, Rydzyna, Poland

Organiser:

Technical University of Łódź, Department of Knitting Technology and Structure of Knitted Products; Textile Research Institute; Polish Textile Association

Scientific Organisational Committee

Prof. Krzysztof Kowalski Ph.D., D.Sc., Eng.

Contact:

Zbigniew Mikołajczyk, Ph.D., Eng. tel. 42 631-33-38, mobile 608-204-102
For more information see page 96.

19. 8th Global Congress and Exhibition of WPC and Natural Fibre Composites

22-23 June, 2010, Fellbach/Stuttgart, Germany

Contact:

Prof. Andrzej K. Bledzki, Ph.D., Eng., Universität Kassel, Germany, e-mail: kutech@gmx.de, and Petra Ziegler, Carl Hanser Verlag GmbH & Co. KG, E-mail: petra.ziegler@hanser.de
http://files.hanser-tagungen.de/docs/20090430121833_Vorank_WPC_5.pdf

20. 10th World Textile Conference Autex 2010

21-23 June 2010 Vilnius, Lithuania

Organisers:

Kaunas University of Technology, Faculty of Design and Technologies, Department of Textile Technology
For more information see page 106

21. 7th International Workshop on Silicon-based Polymers

27-30 June, 2010, Łódź, Poland

This is the seventh subsequent workshop in a series of events taking place in Ishikawa (Japan), Canterbury (UK), Troy (USA), Honolulu (Hawaii), Montpellier (France) and Pusan (Korea). The workshop offers an opportunity to discuss recent progress in organosilicon polymer science and technology, as well as future perspectives.

Organizing committee:

Chairman – Włodzimierz A. Stańczyk, CMMS PAS, Poland

22. International Symposium on Renewable Feedstock for Biofuel and Biobased Products - The Role of Non-Food Fibre crops: Kenaf, Jute, Hemp, and Flax.

11-13 August, 2010, Austin, Texas, USA

Organized by CCG International Inc.,

Contact:

Aimin Liu, e-mail: liuxx063@umn.edu
<http://ccgconsultinginc.com/Documents/2010%20SymposiumAd.pdf>

Selected topics:

- the latest applications of natural fibres in textiles,
- paper and pulp,
- packaging,
- environmental cleaning

23. 6th International Conference on the Modification, Degradation and Stabilisation of Polymers

5-9 September, 2010, Athens, Greece

Chairman:

Professor Costas Papispyrides, School of Chemical Engineering, National Technology University of Athens, (NTUA),
e-mail: info@modest2010.gr, website: www.modest2010.gr

24. Congress of Metrology

6-8 September, 2010, Łódź, Poland

Organisers:

Committee for Metrology and Scientific Apparatus, Polish Academy of Science, Technical University of Łódź, Association of Polish Electrical Engineers

Chairman of the Congress:

Prof. Zygmunt Kuśmierk, Ph.D., D.Sc., Eng.

Chairman of the Scientific Committee:

Prof. Krzysztof Gnietek, Ph.D., D.Sc., Eng.

Scope: basic problems of metrology, modern problems of metrology, new methods and technologies in measurement

25. Baltic Polymer Symposium 2010

8-11 September, 2010, Palanga, Lithuania

Organiser:

KTU- Kaunas University of Technology,

Chairman of Org. Committee:

Dr. Kestutis Beležka,

Chairman of Scientific Committee, International Advisory Board:

Prof. Juozas Vidas Gražulevičius (Lithuania).

Contact:

Jule Kiveriene, Ph.D., e-mail: jukiver@ktu.lt
<http://www.chemija.ctf.ktu.lt/organikai/BPS2010.htm>
http://www.cost868.tugraz.at/BPS2010_1circ.pdf

Scope: polymer science, including chemistry, engineering, materials and recycling.

26. 8th International Symposium: Materials Made from Renewable Resources

9-10 September 2010, Rudolstadt, Germany

Topics:

- fibre-reinforced composites
- biopolymer materials
- alternative cellulose
- bio-based adhesives
- wood fibre materials

Scope:

application-oriented presentations on materials made from renewable resources, such as fibre composites, biopolymers, alternative cellulose materials as well as bio-based adhesives and wood fibre materials.

Organiser:

Messe Erfurt GmbH, Gothaer Straße 34, 99094 Erfurt/Germany
www.messe-erfurt.de
narotech@messe-erfurt.de

27. 8th International Baltic Triennial of Miniature Textiles, Gdynia 2010. Exhibition associated with the 13th International Triennial of Tapestry, Łódź 2010

9 September – 31 October 2010

Organiser:

Central Museum of Textiles, Łódź
Co-organise: Museum of Gdynia City

28. 6th Central European Conference 2010: Fibre-Grade Polymers, Chemical Fibres and Special Textiles

13-14 September, 2010, Bratislava, Slovak Republic

Organisers:

STU - Slovak University of Technology in Bratislava, Faculty of Chemical and Food Technology, Institute of Polymer Materials, Department of Fibres and Textile Chemistry, Slovak Society of Industrial Chemistry

Co-operating Institutes:

Institute of Biopolymers and Chemical Fibres, Lodz, Poland; University of Maribor, Slovenia; Technical University of Liberec, Czech Republic; University of Bielsko-Biala, Poland

Chairman of the Scientific Committee:

Prof. Anton Marcinčín, FCHFT, STU in Bratislava, SK.

Topics

- Advanced fibres
- Technical textiles

- Fibre and textile composites
- Textile surfaces
- Textile »green chemistry«
- Smart fibrous structures
- Textile chemical processing
- Testing
- Textile recycling

Contact with Organising Committee:

Ms. Anna Ujhelyiova,
e-mails: anna.ujhelyiova@stuba.sk,
marcela.hricova@stuba.sk

For more information see page 63.

29. 4th International Conference on the Behaviour of Polymers and Polymer-Based Nanomaterials Related to their Structure

20-23 September 2010, Lodz, Poland

Selected topics:

- Mechanical and thermal behaviour of polymers and polymer-based nanomaterials
- Design of the microstructure of sensitive materials
- Computational methods, modeling and theory
- Molecular dynamics modeling of structural transformations
- Nano-filled, crystalline and nano-structured polymer materials

Chairman of Program Committee:

Prof. Andrzej Galeski,
Centre of Molecular and Macromolecular Studies, Polish Academy of Sciences,
ul. Sienkiewicza 112, 90-363 Lodz, Poland,
andgal@cbmm.lodz.pl,

30. 5th International Textile, Clothing & Design Conference – The Magical World of Textiles

3 – 6 October, 2010, Dubrovnik, Croatia

President of Scientific and Programme Committee: Ivo Soljačić, Croatia.

President of the Organisation Committee:

Prof. Zvonko Dragčević Ph.D.,
University of Zagreb
e-mail: zvonko.dragcevic@ttf.hr,
website: http://itcdc.ttf.hr

Scope:

Textile fibres and advanced materials, the manufacture of yarns, fabrics and nonwovens, textile finishing, dyeing and care, clothing technologies and engineering, analysis, testing and quality control, the design and marketing of textiles and clothing, environmental protection, ecology and energy management.

31. 9th International Conference ATC'10: Advances in Coating Technology

23-25 November, 2010, Katowice, Poland

Organiser: Institute for the Engineering of Polymer Materials & Dyes, Paint & Plastics Department

Contact: Anna Pajak - Chairperson of the Scientific Committee
tel. +48 32 2319043;
Fax: +48 32 2312674
e-mail: a.pajak@impib.pl

32. FIBRATEC 2010 – 6th Symposium on Natural Fibers: Full Use and Applications Part of the 15th Scientific Convention on Engineering and Architecture

29 November – 3 December 2010, Havana, Cuba

President of Organising Committee at CETER CUJAE:

Dr. Tania Carbonell Morales, Havana,
e-mail: taniac@ceter.cujae.cu.

President of honour: Prof. Dr. Ryszard Kozłowski, Institute of Natural Fibres & Medicinal Plants, Poznań, Poland.

Contact:

Website: <http://www.cciacuba.com/index.php?module=general13>

33. Seminars organised in 2010 at the Institute of Biopolymers and Chemical Fibres (IBWCH), Łódź, Poland

18 February 2010

Spinning of protein-modified cellulosic fibres
D. Wawro

18 March 2010

Preparation of a technology to spin fibres of commercial PLA. - Task 2.1 1 (Project POIG 01.03.01-00-007/08)
K. Twarowska-Schmidt

18 March 2010

Modernisation and extension of the IBWCH Biodegradation Laboratory. – Task 6.1 (Project POIG 01.03.01-00-007/08)
A. Gutowska

15 April 2010

The Institute's participation in projects within the Operative Programme 'Innovative Economy'
D. Ciechańska

20 May 2010

Preparation of technology to produce a new grade of supporting blotting paper for the laboratory testing of sprouting seeds
T. Mik

17 June 2010

Biomedical testing of blood vessel prostheses made of modified bacterial cellulose
J. Wietecha

16 September 2010

Atomic absorption spectrometry in the estimation of traces of elements
M. Ciepliński

21 October 2010

Testing of the content of hazardous substances in packaging materials
J. Stufka-Olczyk

18 November 2010

Implants with a content of natural polymers
M. Kucharska

16 December 2010

Functional polymer biocomposites for wound healing
M. Wiśniewska-Wrona

34. Seminars organised in 2010 at the Moratex Institute of Security Technology, Łódź, Poland

14 January 2010

Modern technologies for the textile industry. A chance for Poland – FORESIGHT
M. Olejnik

Composite materials for the armour plating of vehicles and solid objects

M. Landwijt

11 February 2010

Risk estimation for protective products – a tool for adding design processes

M. Struszczyk

Criteria of product estimation - 'Moratex'

ITB Signs

H. Malolepszy

Textile products as rain protection – aspects of use

T. Nowak

18 March 2010

Siloxane polymers with a gradient distribution of functional groups in the chain
B. Delczyk-Olejniczak

The audit as a process of improvement

J. Wawrzyniak, H. Malolepszy

15 April 2010

Influence of moisture on the other surface of clothing upon the transport of sweat and heat – the example of fireman clothing

E. Maklewska, M. Sichecka

Research into the influence of aging processes on the protective properties of ballistic products using the method of increased aging

M. Fejdyś, M. Landwijt, W. Błaszczak, I. Kucińska

20 May 2010

Changes in OiB law and executing acts of the Ministry of the Interior and Administration

H. Dziśniński

Preliminary Research into new generation camouflage products – part I.

K. Fortuniak, E. Maklewska, E. Obersztyn, M. Olejnik, G. Redlich

17 June 2010

Requirements related to technical-technological documentation for the identification of individual protective products

J. Wawrzyniak

Textile composites: comparative research into ballistic resistivity V50

S. Tarkowska, M. Fejdyś, J. Polak, W. Błaszczak, M. Landwijt, I. Kucińska, W. Habaj

16 September 2010

Biodegradable collagen-elastomer materials

K. Olszewska

Synthesis of solventless, fotoreactive, polyacrylane self-adhesive glues of low viscosity

K. Olszewska

14 October 2010

Individual means of ballistic protection based on nanomaterials

J. Polak, I. Kucińska, K. Olszewska

Practical estimation of protective clothing taking into account different tread occurring in the working environment

T. Nowa, B. Wilbik-Halgas, M. Cichecka

18 November 2010

Bullet- and shrapnel- proof ballistic products - analysis of mass influence

G. Grabowska, J. Błaszczak

Preliminary Research into new generation camouflage products – part II.

K. Fortuniak, E. Maklewska, E. Obersztyn, M. Olejnik, G. Redlich

9 December 2010

Preliminary metrological, ballistic and structural investigation into ballistic materials after artificial aging and environmental conditions

M. Landwijt, M. Fejdyś, M.H. Struszczyk

Achievements of the Moratex Institute in 2010

I. Dústo-Kraska, S. Martynow, S. Gątkowski
