GENERAL PROBLEMS OF THE FIBRE AND TEXTILE INDUSTRIES

- 9 Sustainable Fashion and Young Fashion Designers: Are Fashion Schools Teaching Sustainability?
L. Shen, M.H. Sethi
- 14 Research on the Influence of the Mechanism of Technology Convergence on China's Textile Industry Performance
Q. Xu, H. Cheng, Y. Yu

RESEARCH AND DEVELOPMENT

- 22 Natural Silk – an Unusual Fibre: Origin, Processing and World Production
Z. Czaplicki, E. Gliścińska, W. Machnowski
- 29 Improvement in the Design and Methods of Calculation of Parameters of Vibration Multifaceted Gridirons of Natural Fibre Cleaners
Sh. Shukhratov, R. Milašius, K. Gafurov, R. Maksudov, J. Gafurov, S. Tojimirzaev
- 34 Evaluation of Deformation Properties of Elastic Fibres in Threads
I.S. Recebov, M.N. Nuriyev
- 37 Study of the Relationship between the Drape and Characteristics of Fabric Using Graphic Methodology and the AHP Method
T. Hamdi, A. Ghith, F. Fayala
- 46 Performance Evaluation of Upholstery Fabric Developed from Recycled Fibres
H. Jamsheid, B. Zahid, A.W. Rajput, S. Hussain, U. Hussain
- 50 Study of Thermal Comfort Properties of Different Kinds of Polyester Knitted Fabrics
S. Mohapatra, T. Vidya, D.V. Kumar, A.J. Rajwin, V.R. Babu, C. Prakash, B.A. Shah, R. Roy
- 56 Innovative Knitted Fabrics Containing Lateral Propagation Optical Fibres Designed for Children with Autism – Preliminary Study
I. Nowak
- 61 Analysis of Underwear Used with Protective Clothing Worn by Metallurgy Workers and Welders – Research Survey
G. Bartkowiak, P. Miśkiewicz
- 66 Assessment of Polylactide Properties for Use in Knitted Clothing Products
A. Pinar, E. Mielicka
- 75 Characteristics of Collagen Preparations from Leather Wastes by the High Pressure Liquid Chromatography Method
D. Gendaszewska, M. Lasoń-Rydel, K. Ławińska, E. Grzesiak, P. Pipiak
- 80 Natural Sources in Preventive Conservation of Naturally Aged Textiles
J.A. Wendt, L. Indrie, P. Dejeu, A. Albu, D.C. Ilieş, M. Costea, T. Caciora, G. Ilieş, N. Hodor, I. Josan, Z. Berdenov, V. Grama, B. Safarov
- 86 Analysis of Modellings, Techniques and Functions of the Chinese Skullcap
L. Niu, L. Shen
- 91 Ergonomic and Olfactometric Assessment of Anti-Odour Filtering Half-Masks under Real-Life Workplace Conditions
A. Brochocka, A. Nowak, M. Okrasa
- 100 Comparative Analysis of the Performances of Six Taguchi-Based Multi-Response Optimisation Techniques for Product Development in Textiles
N. Ahmad, S. Kamal, Z.A. Raza, M. Zeshan, S. Abid, Z. Javed, M. Karahan
