

Letter from the Editor

Dear Reader,

As we have informed previously, this issue, issue No. 6/2012, the last issue of the year 2012 is divided in two parts: Part "A", which is currently at your disposition, containing a standard set of articles, and part "B", which will be published on 31.12.2012, including all materials related to the 60th anniversary of the Institute of Biopolymers and Chemical Fibres and the 20th anniversary of Fibres & Textiles in Eastern Europe. In addition to the occasional congratulations, this issue will contain scientific lectures held at the anniversary celebrations on 28.09.2012, as well as some articles written by the Institute's researchers, as an illustration of the scientific activity of the Institute.

Sincerely,

Editor-in-Chief
